<http://mouth-mountain.greenwebs.net/>

We are asking for financial donations to be used to provide foods for those affected by the Kumamoto Earthquake, purchase gasoline to transport necessities to there, etc.

It is difficult to purchase necessities, such as gasoline, kerosene, diesel oil, foods, and cloths, at the area affected by the earthquake. Thus, we will purchase these necessities here in Hokkaido, take them to there, and provide necessary help such as a soup kitchen. We are receiving contacts from several companies which offer donations of these necessities. We will be transporting our two portable outdoor kitchens, each of which is capable of cooking rice to serve 100 people each time.

We would greatly appreciate your generous financial donations so that we can go in there to provide relief items as soon as the situation allows us to do so.

**Please note that we are not currently seeking any donations of relief items from overseas.**
